## All-in-One Subscriber Management

### AeroGate™ by Sohware

AeroGate™ integrates public access features that make it easy to manage guest and subscriber accounts combining provisioning, accounting, security and manageability in one appliance.

- [AAA with flexible billing plans](#)
- [Session and bandwidth control](#)
- [Customizable marketing](#)
- [Secure user privacy](#)
- [Integrated Wi-Fi option](#)

AeroGate™ automates the subscriber provisioning process and includes flexible options for authenticating, billing and controlling user sessions. Ideal for hotels and hotspots, resorts, and multi-tenant (MTU/MDU) properties. Select from several models to meet the capacity and bandwidth demands of the venue.

Available only to registered VARs. Contact us for VAR exclusive pricing today.
